D. P. W. SUBJECTS.

CHITALDRUG DISTRICT.

Subject and Name of Member introducing it.	Summary of discussion.	Reply of Government.
Subject No. 249. Sluice to the Kathrahal Tank. Messrs. Venkatramaiya and Huleppa of Chitaldrug Taluk.	In spite of repeated representations, a second sluice has not yet been provided for the Kathrahal tank and consequently Government lands on the other side of the halla have not been made available for wet cultivation.	The question will be reconsidered in the P. W. D. when all the lands irrigable by the existing sluice are taken up.
Subject No. 250. Construction of a dam near Gadimakunte, Jagalur Taluk. Mr. Sankappa of the Chitaldrug Local Fund Board.	This is an arid taluk in which very few tanks exist. If a dam be constructed across Sokkehalla near Gadimakunte village, it would be beneficial to Government and the people.	Referred to P. W. D.
Subject No. 251. Repairs of the feeder to the Asagodu tank. Mr. Sankappa of the Chitaldrug Local Fund Board	The halla that used to feed the Asagodu tank is out of order and requires repairs. Three-fourths of the lands in the hobli are lying waste owing to the absence of a supply of water from this feeder. Orders are solicited for its early repair.	Do
Subject No. 252. Construction of a Channel from the Halla near Kankuppa to the Jagalur tank. Mr Sankappa of the Chitaldrug Local Fund Board.	A new channel should be excavated from the halla near Kankuppa to the big tank at Jagalur to enable the cultivation of wet and garden lands under the latter being extended.	Do
